## SUMMARY

I thrive on turning innovative ideas into reality, leveraging the power of Flutter to create cross-platform mobile solutions that not only meet but exceed user expectations. My journey in the world of Flutter development has been fueled by a relentless curiosity and a commitment to staying at the forefront of the latest technologies.

## EXPERIENCE

### Application Developer

10/2022 - 07/2023

#### Upwork

Remote

##### Company Description

- Collaborated with cross-functional teams to align app functionalities with client requirements.
- Led independent Flutter development projects, ensuring the delivery of high-quality mobile applications for diverse clients.
- Upheld professional standards through meticulous code reviews and adherence to best practices.
- Adapted to varying project demands, maintaining a focus on successful outcomes as a freelance Flutter developer.

### Frontend Developer

02/2022 - 08/2022

#### Fleet Air

Ukraine, Remote

##### Company Description

- Led the conception and implementation of cutting-edge features, showcasing a strong capacity for innovation in front-end development.
- Played a pivotal role in refactoring existing functionalities, demonstrating a commitment to code quality and maintainability.
- Actively contributed to system improvements and optimizations, showcasing a proactive approach to enhancing performance and user experience.
- Showcased a high level of proficiency in quickly addressing and resolving technical challenges in the realm of front-end development, underscoring a robust troubleshooting skill set.
